

M M KHAIRUL HAQUE

WEB DEVELOPER — FRONTEND & BACKEND | UI/UX

Essen, Germany | +49 1525 9628095 | mkhaque29@gmail.com
github.com/mkhaque1 | linkedin.com/in/mkhaque

CAREER SUMMARY

Web Developer with 5+ years of professional experience building fast, accessible, and user-centric web applications. Deep expertise in frontend engineering with React.js, Next.js, Svelte.js, Astro.js, and modern CSS frameworks (Tailwind, Bootstrap, Sass), combined with growing backend proficiency in Node.js, PostgreSQL, MongoDB, Prisma ORM, and GraphQL/REST API design. Currently a UI/UX & Frontend Web Developer at Contabo, integrating headless CMS architectures (Payload) and collaborating closely with backend teams on data models and API integration. Skilled in translating Figma designs into production-ready, responsive interfaces, optimizing performance and Core Web Vitals, and using AI-assisted coding tools (GitHub Copilot, Claude Code) to accelerate development and maintain high code quality.

TECHNICAL SKILLS

Frontend: JavaScript (ES6+), TypeScript, React.js, Next.js, Svelte.js, Astro.js, HTML5, CSS3, Sass, Tailwind CSS, Bootstrap

Backend: Node.js, REST APIs, GraphQL, Prisma ORM, PostgreSQL, MongoDB

CMS & Tools: WordPress, Payload (headless CMS), Webflow, Figma, Adobe Suite, Git/GitHub

Practices: Responsive & UI/UX Design, Component-driven Development, Performance Optimization, Debugging, Cross-browser Compatibility

AI-Assisted Development: GitHub Copilot, Claude Code, prompt-driven scaffolding and code review workflows

EMPLOYMENT HISTORY

UI/UX & Frontend Web Developer | Contabo

Aug 2024 – Present

- Collaborate with the Web Team to enhance and optimize digital presence through improved functionality and user engagement
- Design and implement reusable frontend components, streamlining development and ensuring project consistency
- Integrate Payload, a headless CMS, for efficient content management and seamless delivery within web applications
- Partner with the Backend Team on API integration and data modeling, deepening hands-on experience with server-side logic and databases
- Identify and resolve web performance bottlenecks, optimizing load times and user interactions

Web Designer | Stellen-Kombi GmbH

Sep 2023 – Present

- Collaborate with a team of 5 to design and develop high-quality websites
- Customize WordPress from scratch, building templates to client requirements
- Manage website updates, bug fixes, and redesigns, ensuring performance optimization
- Design and maintain e-commerce sites, handling database and server integration
- Ensure website security, responsiveness, and cross-device compatibility

Frontend Web Developer & Designer | *Rheinduett GmbH*

Dec 2022 – Aug 2023

- Developed frontend components and websites using React.js and WordPress based on client requirements
- Customized WordPress templates and created new ones to meet customer needs
- Analyzed client needs and target audiences to deliver tailored web solutions

Frontend Web Development Intern | *Brainnest GmbH*

Nov 2022

- Completed a 4-week industrial training program in frontend web development, building HTML, CSS, JavaScript, and ES6 skills

Junior Web Designer | *Wallz BD*

2019 – 2020

- Managed website development, customization, updates, and performance optimization for an e-commerce business
- Ensured smooth user experience and data security through UX analysis, bug fixes, and security monitoring
